Cripple Walks

The following almost miraculous cure, effected under supervision of the State Bureau of Industrial Rehabilitation, is cited by Supervisor D. M. Blankenship as indicative of the great good being accomplished by this state agency:

"I have been in this condition for more than thirty years. For many years I have been longing for a chance to see a specialist, hoping that something could be done to mend my life. When I saw in a Bedford paper that a clinic for adult cripples would be held at Bedford I determined to come and try to get help."

So spoke Ora Mason, after being admitted to one of the rehabilitation clinics last July. Already her transformation has been beyond belief. As a result of infantile paralysis the knees of this young woman had been drawn almost to her chin. She walked on her hands, swinging her body between her arms. Although she had been in this condition for over thirty years, she still had confidence she could be improved and begged that she be placed in a hospital and operated on.

In September of last year she was brought to Sheltering Arms Hospital at Richmond. Here she joytully submitted to several operations, one after the other, in order that her limbs might be straightened. She has undergone the pain and suffering incident to these treatments with the utmost patience. As a result she will soon leave the hospital with limbs straightened, walking upright for the first time since she was three years old.

This, said Supervisor Blankenship to-day, is but one of hundreds of cases which fall under his attention for surgical and medical assistance each year. He calls upon the people of the whole state to interest themselves in this great work.

New Use for Zeppelins

An Austrian scientist, by means of applying the short radio wave, made it possible to use Zeppelin airships for land reconnoitering in large desert and waste areas. If this method is adopted, he says, the short radio waves can be used in locating water deposits in the desert or waste land. It would be an indication of water underground if the short waves were reflected from the ground.

U. D. C. Entertained

The Appomattox Chapter U.D. C. was delightfully entertained at the regular meeting Thursday by Mesdames C. F. James and Alice Sears, of Lynchburg, at the home of the former. The living room was decorated with many Confederate flags. The program was to honor the memory of Robert E. Lee, whose birthday was Monday.

Mrs. Lindsay Crawley gave a reading "Furl That Banner," Mrs. Alice Sears sang "Carry Me Back to Ole Virginny," Mrs. Billy Byrne read an eulogy on Lee. This was followed by a piano selection by Miss Kate Franklin, in union "Tenting to-night". The hostesses afforded much amusement by a contest in drawing the head of Robert Lee in silhouette. Mrs. J. A. Burke won the prize. The Life of Robert Lee was read in serial form, each member taking part. It was written on the back of photographs of Lee on Traveler. Most delicious refreshments were served, the colors of the Confederacy being carried out. The following members were present: Mrs. Alice Sears of Lynchburg and Mrs. Chas. F. James hostesses, Mrs. D. N. Twyman Pres., Mrs. L. C. Crawley, Treasurer, Mrs. J. A. Burke, Sec. pro. tem., Misses Kate Franklin, Emma Hancock, and Louise Gills, Mesdames Byrne, Bledsoe, Lawson, Steele, Harwood, Caldwell, Morris and Misses Mildred Trent and Julia McCain.
